Rose Parade Week Set by Proclamation

Downtown Parade Next Saturday To Be Feature

Offering new support to the Palm Springs float campaign, Mayor Frank Bogert has proclaimed the week starting Monday as "Rose Parade Float Week."

Designed to promote the drive for financing of a Village float entry in the Pasadena parade, the week will be climaxed Saturday, Oct. 4, with a downtown parade.

CITY COUNCIL members also climbed on the Rose Parade bandwagon this week by voting a resolution endorsing the campaign for \$15,000.

Kicking off their final drive for float funds, Palm Springs Float Association officials have programmed a colorful parade as the prelude to the campaign which ends Nov. 15.

Association President Theresa Press said the parade lineup to date includes the Los Compadres Club, a caravan of antique cars, contrasting with new autos entered by Village auto dealers and many entertainment features.

PRIZES WILL ALSO be awarded to large contributors on a "plateau" basis. Prizes of varying degree will be given to float contributors according to the amount, or plateau, of their donations.

Association officials are seeking at least \$1 from every Villager through a display of artificial roses set up at the Plaza. Roses representing \$1,000 each will be painted as contributions mount towards the \$15,000 goal.

Starting point for the parade is El Mirador Hotel. The caravan will move down Palm Canyon Drive to the Plaza.

Board to Have Four Desert Area Matters

Six items of interest to the desert area were today listed on the agenda for the Monday meeting of the Riverside County Board of Supervisors.

Matters scheduled for supervisory consideration include:

Adjourned meeting of the Flood Control District and adjourned meeting of the Air Pollution Control District, both set for 11 a.m. Submission of maps on West Palm Springs Village No. 2 for board approval.

Report of approval of a variance issued to R. T. Forbes, relating to fencing a trailer park in the Cathedral City area.

Petition of Indio Sanitary District for annexation of certain contiguous territory.

RICHARD (Dick) HILL, 12-year-old son of Mr. and Mrs. Robert Hill, 567 North Calle Marcus, is reported in very critical condition and still unconscious following a bicycle-automobile accident late yesterday afternoon at Tachevah near Sunrise Way. The boy was given emergency treatment and x-rayed at Desert Hospital and then transferred to St. Bernardine's Hospital in San Bernardino into the care of Dr. Roger Smith, San Bernardino neuro-surgeon. The boy suffered a serious skull fracture and lacerations of the face. According to local police the boy was riding his bicycle south on Calle Marcus when he drove into the path of an automobile driven by

Cecil Wayne Kizer, 26, 37-566 Palo Verde Drive, Cathedral City. According to the boy's father, he had been swimming at a friend's house and was on his way home at the time of the accident. Driver of the automobile was not cited by the police. At the scene of the accident, pictured above, the group awaits arrival of the ambulance, including his mother, kneeling by the boy, and neighbor, Mrs. Faye Brauner (dotted robe) a nurse at Desert Hospital, and Traffic Officer Nick Maffi. Bottom inset, Muriel Dean and Tony Cato, Oasis Ambulance drivers, apply a bandage to the youth's arm at the scene of the accident. (Desert Sun Photo).

Vanguard Fails To Orbit, Navy To Try Again

CAPE CANAVERAL, Fla. (UPI)—The temperamental Vanguard rocket failed again, the Defense Department announced today, but the Navy scientific team will keep trying.

Twenty-four hours after the seventh Vanguard missile lifted from its launching pad here, carrying a 20-inch weather-reporting satellite, the Defense Department in Washington announced that the rocket "failed to achieve an altitude or velocity adequate to place it in its projected orbit."

The Navy has four Vanguards left and Dr. John P. Hagen, director of the project, said they would be fired.

The next one will carry another satellite similar to the 21.5 pound weather-tracking version lost in Friday's shoot.

NEW YORK (UPI)—The highest temperature recorded in the nation Friday was at Oakland, Calif., where the mercury hit 105, according to the Weather Bureau.

Committee for Community Planning to Meet Monday

PALM DESERT — An area "Committee for Community Planning" will hold its second general meeting here Monday night to formally organize a unified promotional campaign for this resort area.

The meeting is scheduled for 7:30 p.m. at the Desert Magazine building.

Dick Coffin, chairman of an organizational committee for the promotional campaign, said the Monday meeting marks the start of formal organization and election of directors.

Aim of the group, comprised of civic leaders and businessmen,

is to unify the area from Indian Wells to Thunderbird Club under one promotional organization.

To date, Coffin said, between 800 and 900 suggested names have been received for the area involved. Two songs have also been written to promote entries in the contest to choose a name to be used in promotion of the resort area, Coffin said.

Persons Named New Assistant

WASHINGTON (UPI)—President Eisenhower today appointed Maj. Gen. Wilton B. Persons to succeed retiring Presidential Aide Sherman Adams.

The appointment was announced by White House Press Secretary James C. Hagerty, who also said there would be a redistribution of responsibilities among presidential assistants but would not call it "reorganization."

WASHINGTON (UPI)—President Eisenhower went to Burning Tree Country Club this morning for a round of golf.

Saund to Talk On 'Washington Scene' Monday

Congressman D. S. Saund will discuss "The Washington Scene" for members of the Palm Springs Area Democratic Club Monday night.

Congressman Saund is programmed as principal speaker at a club meeting scheduled for 8 p.m. at the American Legion Auxiliary room at Legion Hall.

THE WEATHER

Raging Surf, High Tide Pound Coast

New Hurricane Ilsa Reported Far to the South

WILMINGTON, N.C. (UPI)—Hurricane Helene pounded the Cape Fear lowlands with its 125 miles an hour winds today and raked resort beaches in this area. Streets were flooded and many miles of coastline were pounded by raging surf and high tides.

The hurricane, after a night of hugging the coastline offshore, swept into the first land mass,

a point that juts out on the coast line.

AT 9 A.M. P.D.T., the Weather Bureau located Helene's central eye 50 miles south of Wilmington and warned that unusually high storm tides and heavy seas would flood the coast from Myrtle Beach S.C., to Hatteras, N.C., to heights of 7 to 10 feet above normal.

Norfolk, Va., the great naval shipping center, could expect tides up to 5 feet above normal.

The advisory said the storm would move along the coast, passing near Cape Hatteras about midnight with no further change in size and intensity.

GUSTS UP TO 120 miles an hour were clocked at Frying Pan Light ship anchored off the mouth of the Cape Fear River, 40 miles south of here. Gusts of 90 m.p.h. were felt in Wilmington by 8:30 a.m. (p.d.t.)

Water poured into the streets of the popular beach resort town of Carolina Beach, Wrightsville Beach and Kure Beach. All were battered down and evacuated under emergency warnings and enforced house to house canvasses.

Power lines and poles were blown down at Carolina and Kure beaches.

ROOFS WERE BLOWN off beach houses and planking and debris was flung onto the boardwalks.

Far to the south, hurricane Ilsa built up into a mammoth hurricane with winds of 140 miles an hour. An advisory put that howler 435 miles northeast of San Juan, Puerto Rico. It was moving toward the north-northwest at eight miles an hour. No land area was in the immediate path of the storm.

HELENE CREATED a fair amount of damage on the South Carolina coast where it originally was pinpointed to strike. But winds never got over 50 miles an hour on the mainland until the blast hit in North Carolina.

The South Carolina damage was mostly to fishing piers and to one drawbridge that was jammed open.

August Meter Receipts Show Large Increase

Palm Springs parking meters added \$1,232 to city coffers during the month of August, City Finance Director Shelby Langford reported today.

Langford said the meter take for the month greatly exceeded the \$797 collected in August 1957, and brought the total collections for current fiscal year to \$1,644.

The city had 313 meters in operation during August, Langford said.

LOS ANGELES THREATENED WITH SMOG ALERT AGAIN

LOS ANGELES (UPI)—Los Angeles residents, who enjoyed a relative cool and smog-free summer, suffered through the 12th day of 94-degree temperature this month Friday and the third smog alert in eight days.

More smog and a high of 94 degrees was predicted for today.

The smog alert Friday lasted for two hours and three minutes. A high of 94 degrees was recorded in the downtown area at 1:30 p.m.

Nationalist Convoys Break Through Red Blockade Today

TAIPEI (UPI)—Two Chinese Nationalist convoys broke through the Communist blockade of the Quemoy today to deliver an estimated 125 tons of food and ammunition to the beleaguered outpost islands—one of the biggest single-day shipments since the siege began.

About 50 amphibious LVT's, flying between the beach and three LST's lying two miles out to sea, braved heavy Red artillery fire to wade through the waters where a similar craft capsized Friday.

THE FIRST CONVOY arrived at dawn, the second about 9:45 a.m. United Press International correspondent Charles Smith reported from Quemoy that the second convoy was loaded with 155-mm. artillery shells.

The merciless Communist bombardment, entering its fifth week, showed no signs of a letup. The Nationalist Defense Ministry announced that Red guns hurled 2,974 shells, ranging in size up to 203-mm., at the islands during the

Appellate Court Receives Appeal On Tallent Case

Following Superior Court Judge Hilton McCabe's order denying a writ of prohibition in the morals case of Cabazon Mayor L. Lee Tallent and Mrs. Virginia Breitweg, Attorney Merrill Brown has filed an appeal with the Fourth District Court of Appeals in San Diego.

At the same time, Brown appeared on behalf of the defendants in Palm Springs Judicial District Court to enter a plea of "not guilty" in the second and additional charge of "lewd and dissolute" conduct.

After talking with Riverside District Attorney William Mackey, Brown announced that by mutual agreement the trial set for next Tuesday has been postponed until a decision is reached by the Court of Appeals.

Brown, in his attempt to block the prosecution of Mayor Tallent and the wife of a Cabazon policeman, asked for the writ of prohibition on the grounds that the county's rooming house ordinance is unconstitutional.

"I have great confidence that our stand on the unconstitutionality of the ordinance is correct," said Brown, and the action of the Superior Court was a surprise."

The two complaints against the couple will be heard together, if the appeal is denied.

De Gaulle Plans New Crackdown

PARIS (UPI) — Premier Charles de Gaulle's government is preparing a drastic crackdown on Algerian rebels who have terrorized France during the past month, it was reported today.

The drive to stamp out the Algerian underground is expected to start after next Sunday's referendum on De Gaulle's "strongman" constitution.

Information Minister Jacques Soustelle in a speech Wednesday night called for political action against France's big Communist Party.

He urged an alliance of right, center and leftist parties to reduce the Communists' parliamentary strength "as much as possible" after the referendum and thus "prevent the Fifth Republic from sharing the fate of the Fourth."

Vermont's most famous hero, Ethan Allen, was born in Connecticut.

The Nation's Economic Plight

Most of the \$13 billion deficit created by the 85th Congress was for non-defense spending. It is a pity that before embarking on such a spending spree principally to revive the fallen economy the Congress did not give favorable attention of the alternative of tax reduction.

Tax reduction could have had the same effect, but in a more orderly and more economic fashion. It would have increased tax compliance . . . and it would have saved millions of dollars of interest on the increasing public debt. Lower tax burdens would have relieved upward cost pressures on all business and resulted in even lower consumer prices.

THE CHOICE undertaken of increased federal spending is, of course, inflationary. The steady climb of the stock market is a good barometer. It spells a cushion against inflation and nothing else, as earnings do not warrant such prices for stocks. This choice by Congress also reduced the resources of the private citizen and curtails his spending. It was a bad decision all around, for once Government expenditures keep reaching a new high they seldom ever retrace their steps to saving and sanity.

The decision of Congress to stimulate the economy with more federal spending overlooked the consideration of where the money was coming from. This is where Congress failed the Nation. For if they were unable to find ways to raise the money, they should have reconsidered, election - year or no election - y-

EVERY PERSON knows that if money cannot be raised, it cannot be spent. The average citizen knows this . . . but the average Congressman does not . . . because he can pass the buck, while the citizen cannot. Congress passed the buck to the Treasury and it passed the buck to the Federal Reserve.

When Congress lifted the debt ceiling to \$288 billion, it did so within a statutory interest rate limit of 4½ per cent on bond issues. But raising the debt limit deters the sale of government bonds at any price. Without question the 86th Congress will have to find new ways to raise money with additional taxes. When this happens the Republicans will be in real trouble for 1960, after promising repeatedly a reduction in taxes in every political campaign since 1952.

BY PASSING THE buck to the Treasury Congress has put it on the spot. For now the Treasury has to put all its economic brains to work to invent securities that people will buy. It cannot pay too much for money . . . it does not want to give income tax exemptions on government bond interest . . . and yet it has to compete for the citizens' dollars with tax exempt municipal and other bonds, which bring a higher return, not to mention common stocks which is an inflationary market are the best hedge.

The spending spree of the 85th Congress will come home to roost next January. It is going to prove the most expensive gamble in modern economic peace-time history. It most cer-

MAYBE THEN "truth-serum," instead of "political-serum," will be used to revive him. But by that time the voting will be over and it will be up to the 86th Congress to break the bad news. It will require blunt and strong leadership from the President . . . and extraordinary courage from the new Congress to find the means and the money to pay the piper and the road back to a sound and strong economy.

hurting any feelings?

A FRIEND

DEAR FRIEND: If you are a real friend, you will tell this woman the truth. It is kinder to tell her why she is being "left out" than to have her wonder.

DEAR ACCUSED: My son and his wife come to visit us every Sunday and they bring their two little children. These children act like they were raised in the wilds of Africa. They never speak, they shout. They turn the chairs over and play "rocking horse" and take the sofa cushions out and push them across the floors. They wipe their hands on the curtains and kick at the furniture with their shoes. If we say anything they say we think about all the money that they have paid including the fines for lateness and talking and other things they are fined for. I think that isn't fair and all the money should be divided equally among the members. What do you think about this?

CAROLYN W. (President)

DEAR CAROLYN: In the event that your Club breaks up, I think all the money in the treasury should be divided equally among the members.

DEAR ABBY: I feel so bad I could cry. My husband and I have two children and, like all parents, we love them both the same. The oldest is a boy and if I have to say so myself he is a very good-looking boy. The little one is rather puny and because she has been sickly and to be honest, she is not a pretty child, but that is not my problem. It is my in-laws (especially my mother-in-law). When they come here they make a big fuss over the boy, but they treat my little girl something terrible. They even bring presents for the boy and nothing for the girl. It makes me sick. How can I get them to be more considerate?

FEELING BLUE

DEAR FEELING: These people are either plain mean or else they are ignorant. You and your husband should have a private discussion with his parents. Explain that you will not tolerate their playing favorites and issue orders that if they don't bring a gift for both children, they should bring none. And if they are going to show favoritism, they had better stay home.

DEAR ABBY: One night about a year ago my husband came home from work early because he had a headache. I was having Club that day (my club is two tables of bridge). My husband forgot all about his headache and took a couple of hands as a joke. He joined right in when I served the coffee and sandwiches. The girls fussed over him and naturally he ate it up. Now he keeps asking me when I'm having Club because he likes to be here. He comes home early and acts like one of the girls. I hate to tell him he is making a pest of himself, but I am going to have to do something about the situation as he is getting on my nerves.

THE WIFE

DEAR FEELING: These people are either plain mean or else they are ignorant. You and your husband should have a private discussion with his parents. Explain that you will not tolerate their playing favorites and issue orders that if they don't bring a gift for both children, they should bring none. And if they are going to show favoritism, they had better stay home.

DEAR ABBY: This boy was supposed to be my boyfriend. He went to the hospital to have his appendix out. He also had his tonsils out. He told me he couldn't have any company, so I sent him a twenty-five cent get-well card. I just found out he had a bunch of kids come and visit him. Should I have it out with him?

MAD

DEAR MAD: This boy has had enough "out" . . . Wait till he gets his strength back and then discuss it with him. His visitors probably came on their own.

CONFIDENTIAL TO "DOC": Physician, heal thyself!

DEAR A. C.: If your neighbor is willing to accept the word of her neighbor without giving you a chance to face your accuser, her friendship is not worth worrying about. Forget the whole thing.

A. C.

DEAR ABBY: I have a neighbor who I have always liked and all of a sudden I noticed how cool and aloof she got when we met. I asked her what was wrong and she told me another neighbor had said I was spreading gossip about her. Abby, as God is my judge, I never said one word against this woman. I asked her to tell me who the person was who said it, but she said she promised she wouldn't tell. I know if I could get to the bottom of it everything would be cleared up, but there is nothing I can do if she won't tell me who the third person was. Please tell me how to clear this up as I like to get along with everybody.

Turn backward, oh, backward,
Oh, time in thy flight,
Don't forget to change
Your watches tonight.

At the witching hour of 2 a.m., Sunday, September 28, we abandon PDT (Pretty Darn Time) and return to PST.

That's tomorrow in case you haven't a calendar handy.

IT IS SMART, we are advised, to reset our clocks and watches on retiring tonight. We are also advised by jewelers not to turn the time pieces back an hour but to turn them ahead 1½ hours. Seems it isn't good to put the works in reverse.

I have less work on hand than the most of you. I am still on Chicago Daylight Time and only have to move up nine hours.

DAYLIGHT TIME, in most states where it is practiced, starts on the last Sunday in April and ends on the last Sunday in September, generally changing at 2 a.m.

Last April 26 those who like to live it up in lounges had to curtail their activities at 1 a.m. because the beverage board reasoned that at 2 a.m. it would be 3 a.m. and they'd be an hour over.

Tomorrow morning, unless the plan was changed while I was away, they'll make up that hour. For at 2 a.m., official closing hour, it will only be 1 a.m.

NEW YORK — Mrs. Victor Gieseke, on the feast of her son, Tom, 9, who hula-hoops 12,446 times in 105 minutes:

"We hope this is the top record, because if it isn't he will try it again and won't give up."

NEW YORK — Secretary of State John Foster Dulles, in a speech on the Formosa crisis:

"What is involved is a Communist challenge to the basic principle of peace that armed force should not be used for aggression."

SAN FRANCISCO — Former President Truman, attacking the Republicans before a Democratic Party dinner:

"They will not face up to the fact that the clouds of war hang over us."

WASHINGTON — President Eisenhower, in warning against the closing of Southern public schools faced with integration:

"The direct consequences to the children in these schools and the eventual consequences to our nation could be disastrous."

BESIDES, there is a detailed report to make on the day by day activities of the four grandsons which, with customary embellishments, will last far into the night.

LOOKING BACK, what Los Angeles needs is a mass transportation system such as in Chicago where four or five major railroads, electric lines, subways and elevated pour thousands into the Loop each workday morning. And thousands of automobiles stay in the suburbs. That makes for less traffic congestion and far fewer fumes.

San Francisco has a good commuter system down the peninsula, too.

RAILROAD MAN told me,

however, that it would cost too much to give Los Angeles a rail mass transportation system.

They didn't look ahead when they built the railroads or the now mostly abandoned interurban system.

They put them on the level with hundreds of grade crossings to slow up traffic.

In Chicago, except for the street cars, the rails are either above or below the street level.

Making for speed.

EARL WILSON:

One Western Coming Up

NEW YORK — When you see Robert Horton doing the western bit in "Wagon Train," you might find it hard to think he was ever a Broadway cook.

"But I was," the handsome lad with all the hair said with a nod and a laugh at Toots Shor's.

"I used to work at the —" and he named a well-known chain restaurant around B'way and 52d St. "It was while I was studying with Lee Strasberg. I was the host and cashier, sort of an usher. One Saturday night I came in as usual.

"The manager said, 'Do you mind being the assistant cook tonight? He's sick.'

"That wouldn't be so hard because the assistant cook just handed stuff to the chef. While I was getting on my white hat, the chef came in blind.

"Oh, was he drunk? So I was promoted from assistant cook to chef.

"I could hear the waiters muttering. 'Saturday night and they got a jerk like this cooking! Everything'll be sent back to night!'

Horton smiled with satisfaction. "Not one thing came back — including (probably) some of the customers."

"How did you master it so fast?" I asked.

"When the hamburger or whatever it was looked right to me, when it looked done to me, I took it out. I guess that's all there is to it, anyway. I cooked from 9 p.m. to 6 a.m. and then they offered me a job as assistant manager.

"No," he admitted, "they never asked me to cook again."

Horton, a California, 34 in July, who went to college there and at the University of Miami, is not a western fan despite his own success as a western star.

As he was in a business suit,

THE WEEK-END WINDUP . . .

"DON'T PRINT THAT!"

A world-famed entertainer and his long-time agent are busing up 'cause the ten-percenter got too interested in the star's pretty wife . . . A once-renowned comic is hanging around the Eighth Av. bars, paying for his drinks with pennies.

Tommy Manville sold his two Cadillacs, bought two Rolls Royces (which he decorates with zebra-striped cloth from El Morocco) . . . Kim Novak canceled her Bell, Book and Candle tour; she'll make four films in eight months . . . Spencer Tracy, whose latest is "The Last Hurrah," wants to do one about the murdered poet, Maxwell Bodenheim.

MIKE CONNOLLY:

'Mother' Plays Piano

HOLLYWOOD — Producers of the new Peter Gunn western series didn't know what a treasure they had in Hope Emerson, who plays a saloon-keeper named "Mother" on the show, until they tossed a press-preview party.

Somebody talked Hope into playing the piano and singing the songs from her old night club act (all before she became a Oscar-nominated prison matron in "Caged").

Hope stirred up such a storm about her comedies, the next day she was packed off on a cross-country tour with Craig Stevens and Lola Albright, the stars of the show, to repeat her local lay-in-the-aisles routine!

MAGGIE HAYES, approached about doing a Warner - TV version of "Wardens" old Joan Crawford movie, "Mildred Pierce," said okay — "but if they rinse the suds out — I'm not against soap operas but I don't want them to LOOK like soap operas."

Johnny Desmond says the best way to picture an entertainer in front of an unappreciative audience is to think of Elsa Maxwell making a speech at a Slenderella reducing salon.</

Sorority Holds Rushing Party

It is rushing season for Epsilon Sigma Alpha's Beta Kappa Chapter and the sorority held a social event Thursday evening at the home of LaVawn Bell at 166 Palo Verde Avenue.

Originally planned for a swimming party, the evening was cool enough that only two harder ones went in, and games entertained the party guests.

Refreshments included a large cake with Greek letter inscriptions, and decorated in the sorority colors of blue and gold.

Chapter president Gertrude Cabilio welcomed the guests, who included Joann Sale, Jessica Faught, Helen DeCorsey, Joann Ewing, Bernice Kozen, Eve Russell and Thelma Good.

Tangy Potatoes

A tangy dill-sour cream dressing makes new potatoes a real taste treat. Dressing for 2 pounds potatoes (6 servings) is made by combining $\frac{1}{4}$ cup sour cream with $\frac{1}{2}$ teaspoon dill seed and $\frac{1}{4}$ teaspoon ground white pepper. Toss lightly with hot boiled potatoes and serve.

Catholic Women to Meet Here

The San Diego diocese of the Council of Catholic Women will hold their annual convention at the Chi Chi, Palm Springs, on October 15, it was announced today. Mrs. Margaret Jedlka of Escondido is the council president.

Hostess for the convention will be Lady Alice Scully, president of the Palm Springs deanery of the council. She advanced the quarterly meeting of her deanery from Oct. 14 to Sept. 9 so as not to conflict with the council convention.

Around 300 delegates will be on hand for the convention. They will be coming from as far as Needles and Blythe. The delegates will attend early Mass at Our Lady of Solitude with His Excellency, Charles F. Buddy, Bishop of San Diego, celebrating the Mass.

After Mass the women will have a continental breakfast at Chi Chi and convene at 10 a.m. Bishop Buddy and Sir Frank Scully of Palm Springs will address the Mass.

**TODAY'S
SPORT
PARADE**
By OSCAR FRALEY
United Press International

NEW YORK (UPI) — The yacht racing buffs have adopted the old American League war cry of "Break up the Yankees" today as result of the manner in which the Columbia is proving to be the gem of the ocean.

There is much lachrymose land-slubbing to leeward over the way Britain's Sceptre is being sunk. Even some of our guys seem to think it's the sporting thing, old boy, to say ain't it a shame and wouldn't it be jolly if the Redcoats could win.

It wouldn't.

FOR ONE THING, there have been too many sporting bundles to Britain of late for them to need such sympathy. For another, to a rooster born far on the other side of those silver-plated New-port tracks, let 'em come and win it.

The Yankees not only refused to be broken up but they're still proceeding busily in the business of wrapping up pennant after pennant. Notre Dame and Oklahoma don't give the opposition anything for free and Rocky Mariano isn't going to be kicked out of the ring history books because he never lost a fight.

DURING THE Olympic Games at Helsinki, one British official complained to an American official about the big Yankee parade and goaded over a potential British shutdown:

"You fellows have all the gold in the world at Fort Knox. Why don't you let us win one gold medal?"

To which the Yank replied:

"We'll loan you all that Kentucky stuff you need — but these you have to come win."

DON'T SING ME any sad songs for the Sceptre. Because if you've looked lately, you'll note that in U.S.-British athletic competition we need a hot hand on the high seas to get back some of our victory.

A 6-6 tie game was played — between Elsinore and Valencia. Valencia stopped a last-minute field-goal try by Coach Glenn Wooldard's Tigers, and deprived them of a victory.

SAN JACINTO EDGED out an 18-12 victory over Corona on the Corona field last night in what was described as the "big upset" of local league football. The tiny San Jac team shocked more than 2,500 fans at it took the ball on a fumble in the 35-yard line with three minutes remaining in the game and scored in the final 14 seconds.

The Banning Broncos took a 18-13 beating from Pasadena's St. Francis High School team on the Banning field.

**Umpires Named
To Work 1958
World Series**

NEW YORK (UPI) — Commissioner Ford Frick's office announced today that Al Barlick of the National League and Charley Berry of the American have been named the senior umpires for the 1958 World Series, which starts next Wednesday.

Indians Win Opener, 20-8

Roll Over Calexico Bulldogs

Spearheaded by an 83-yard

touchdown run by Cleo James on

the opening kickoff, Palm Springs Indians rolled to a 20-8 pre-season victory over the Calexico team last night on the border city's

field.

Coach Clare Ballagh's team racked up two more touchdowns in the second quarter, and then went scoreless in last half action as Calexico came through with a touchdown and safety.

THE OTHER TWO six-pointers in the opening game of the season were scored by LeRoy Segundo on 20 and 30 yard passes from Bill

Ivey.

The safety was scored in the third quarter after a bad pass from center James Bratton, and the Calexico touchdown came early in the fourth quarter with Hector Flores sprinting 21 yards.

IN OTHER ACTION involving Riverside County League teams pre-league play, the Perris Panthers rushed and passed a total of 300 yards through an entire game to win 19-0 over visiting Fallbrook.

Cochella, meeting the Citrus

Belt League championship contend-

er, Colton, took a 35 to 6 beating last night in that city, with 1,000 fans watching the play. Kelly Coleman made the lone score for the Arabs in an 11-yard run.

ON THE HEMET field, the Vicia Panthers, Palm Springs' foe next week, crushed the Bulldogs, 20-0.

A 6-6 tie game was played — be-

tween Elsinore and Valencia. Valencia stopped a last-minute field-

goal try by Coach Glenn Wooldard's Tigers, and deprived them of a victory.

Bring on the World Series—Lew

Burdette and Whitey Ford are ap-

pearing as they'll ever be.

The surest tip-off of any pitcher

is his control and both Burdette

that department Friday night.

Burdette, posting his 20th victory

In nine weeks of instruction, the "raw recruit" is developed into a Navy Bluejacket, ready for duty with the fleet.

Urns Given to Stanford

STANFORD, Calif. — (UPI) — Two ancient ceramic urns discovered in a sunken Roman galleon off Viareggio, Italy, have been given to the Stanford University museum.

The urns were donated by the Slotkin, San Francisco businessman who financed the 1956 diving expedition that recovered the artifacts.

The gray earthenware with reddish-brown colors were used for carrying both liquids and grains. They were strung along the sides of galleys as an additional bulwark against arrows and spears.

The tip of a 20-inch rotary power lawn mower travels at a speed of about 120 miles an hour.

The average person in the U.S. ate 103 pounds of potatoes in 1957, compared with 130 pounds per year in the 1930's.

Three Youths Hospitalized, Hit-Run Driver Arrested

DOWNTOWN ROAD, a gas station attendant paused while filling a tank of a 1949 or 1950 model car. He noticed the left front fender was scraping against the tire. The left headlight was banged up and there was scratches on the bumper.

He called state police.

This morning, state police found the car at the gas station man thought was suspicious.

They found its owner, 66-year-old Jeffery B. Jones, Hamilton, Mich., and promptly arrested him. He was charged with leaving the scene of an accident.

Jones told sheriff's officers he thought he had hit a car.

The teenagers were knocked off the motor scooter and flung into a ditch by the side of the road.

A worker saw one of the boys at the head of the ditch, ran to them and rushed them to a hospital, where they lay in critical condition today.

Employe Service To Be Recognized

The supervisors approved an allocation this week of \$550 to be taken from the county's unappropriated reserve fund for purchasing of 15 and 20-year service pins for county employees.

The urns were donated by the Strode, president of the Riverside County Employees Association, suggested the 15-year and 20-year service recognition in line with the 25-year service pins approved by the board of supervisors in 1951.

The teenagers were knocked off the motor scooter and flung into a ditch by the side of the road.

A worker saw one of the boys at the head of the ditch, ran to them and rushed them to a hospital, where they lay in critical condition today.

Researchers for Johnson & Johnson also found that high humidity, light clouds and lack of wind are the ripest conditions for a bad case of sunburn—or, to be technical, "erythema solare."

Humidity causes perspiration to remain on the body, making the skin particularly sensitive to ultra-violet rays. Conversely, a wind will dry the skin. As for light clouds, they serve as reflectors for sunshine.

Little Rock Residents Vote On Integration

LITTLE ROCK, Ark. (UPI) — The people of Little Rock vote today in an integration election that the National Assn. for Advancement of Colored People was trying to make pointless before the polls closed.

Gov. Orval E. Faubus called the special election under a law which was passed by a special session of the Arkansas Legislature among a group of anti-integration measures.

THE LAW PROVIDES that integration will not go into effect unless an absolute majority of the qualified voters of the school district approved it.

Faubus called the election after he closed the schools Sept. 15, the same day the U.S. Supreme Court ordered integration to proceed without delay.

THE BALLOT, attacked as "misleading and inaccurate" by integration leaders, offered the voter two choices: "For racial integration of all schools in the district" and "Against racial integration of all schools in the district."

TRAILER MANUFACTURERS are drawing lucky numbers for placement in the annual Palm Springs Travel Trailer Show and Rally. Art Costello, left, president of Airstream, shows ball with drawing number to show Chairman Tom Collier. Over 33 manufacturers

will unveil 118 of the 1959 trailer models at the Polo Grounds from Oct. 22-26. The Trailer Coach Association sponsors the exhibit and the local Trailer Park Association sponsors the Rally.

Express Service To Be Started By Greyhound

Resumption of its seasonal, twice-daily round-trip express service between Palm Springs and Los Angeles-Hollywood-Santa Monica, was announced today by Mrs. Elmo O. Smith, Greyhound representative at Palm Springs.

The added services are designed to meet the increasing passenger patronage between Greater Los Angeles and this popular desert resort. They will go into effect on Sunday, Sept. 28, utilizing Greyhound's luxury "Scenicruiser Service" coaches.

THE EXPRESS service cuts approximately 45 minutes from the regular 3½-hour average running time between Palm Springs and Los Angeles. The added schedules will increase to ten, the company's daily and evening service to Los Angeles, while return service from Los Angeles will be increased to twelve.

The new express schedules call for departures from Palm Springs at 9 a.m. and 2:30 p.m.; arriving in Los Angeles at 11:35 a.m. and 5:10 p.m.; Hollywood at 12:10 p.m. and 5:45 p.m.; and Santa Monica at 12:45 p.m. and 6:20 p.m.

DEPARTURES to Palm Springs will be from Santa Monica at 8:50 a.m. and 4:30 p.m.; from the Hollywood terminal at 9:25 a.m. and 5:10 p.m.; from the Los Angeles terminal at 10 a.m. and 5:45 p.m.

Half-Mile of New Trailers To Be on Display at Rally

Over half-a-mile of new model travel trailers will be shown to dealer and public view for the first time at Trailer Coach Association's exhibit at the annual Palm Springs Show and Rally, Oct. 22-26.

Official drawing for exhibit space for TCA members took place at a dinner-meeting at the Chapman Park Hotel in Los Angeles, with Show Chairman Tom Collier presiding.

AT THAT TIME it was officially designated that 118 models were set for display at the Polo Grounds in the desert city.

Representatives of 32 travel trailer manufacturing firms were on hand for the drawing, including members from Salt Lake City, Utah.

Advance reports, as quoted by manufacturer representatives, predicted an excellent attendance by dealers from every state in the west.

TRAILERS will be displayed and lighted for maximum showmanship, with awnings, patio furniture and other accessories displayed.

Suppliers will be in attendance with booths featuring the latest in cabanas, awnings, butane equipment, brakes, ranges, heaters, etc.

Official industry day hours, from Oct. 22-24, will be from 10 a.m. on Wednesday and Thursday to 6 p.m. On Friday, dealer hours will be from 10 a.m. to noon, with the doors being opened to the public at that time.

Branching Out ARVADA, Colo. — (UPI) — Eight years ago, Leroy L. Frink picked up some aspen branches in the mountains and fashioned them into a set of earrings and a necklace for his wife.

Friends commented on the unique jewelry so Frink began turning it out as a hobby. Soon, his hobby took up so much of his time that he quit his government job and went to work making aspen jewelry as a business. He now has 14 full-time employees and 10 salesmen covering 19 states.

General Motors Appears Ready to Settle For Nationwide Strike by UAW Tuesday

DETROIT (UPI) — General Motors Corp., hamstrung by local strikes throughout the nation, appeared ready to settle for a nationwide strike by the United Auto Workers Union.

GM Vice President Louis G. Seaton, chief negotiator for the world's largest auto company, said his firm "will not go beyond the Ford settlement in any agreement with the union."

IT WAS THE MOST dogmatic stand taken by any company in talks with the union to date and came in the wake of repeated statements by UAW President Walter P. Reuther that GM and Chrysler would have to give more than Ford to reach an agreement.

"If the union refuses to trim its demands in line with the Ford agreement, we may have trouble," Seaton said. "But we already have trouble from widespread local strikes to the threat of a national strike is an empty thing to us."

THE UAW IS scheduled to strike GM plants throughout the nation

if an agreement is not reached before 7 a.m. (p.s.t.) Tuesday. Reuther said the union was not asking for more economic gains from GM but "there are certain contract matters peculiar to GM which demand a solution at General Motors."
